To Whom It May Concern

Over the past two years, The Adani Harbour Services Limited (TAHSL) has successfully integrated Rentar® Fuel Catalyst into its tug fleets across India, significantly saving fuel costs and enhancing energy efficiency. This has also reduced the total-cost-of-ownership of its equipment.

TAHSL can maintain its pursuit to reduce fleet costs and carbon footprint, while we recommend this solution for our other business units.

For,
The Adani Harbour Services Limited,

Jimish Patel
Manager – Marine Services
